

Born and raised in Arizona's Valley of the Sun, Vanessa A. Rothstein, PA-C, a native of Phoenix, has always held a deep interest in medicine. Vanessa attended the University of Arizona and completed a bachelors degree in Physiology, graduating Summa Cum Laude in 2006. She went on to pursue her graduate education in medicine by attending Weill Cornell Medical College Physician Assistant Program, in New York, New York.

Upon completion of her studies, Vanessa began her professional career at Montefiore Medical Center NICU in Bronx, NY and completed a Masters of Physician Assistants Studies with a focus in Pediatric Surgery in 2009. Over the next decade, Vanessa worked with Banner Pediatric Specialists, working in Pediatric Surgery, Geisinger Medical Center NICU, and Seattle Children's Hospital NICU, becoming the first PA to join this team in the Pacific Northwest.

Today, Vanessa's desire for growth in the Neonatal field remains her motivation to expand as a professional and NICU provider. Her work has encompassed supervisor management and has recently included joining Franklin Pierce University Physician Assistant Program as adjunct faculty. Vanessa has found her way back home to Arizona where she now works with Envision Physician Services as an APP provider in the NICU at Banner Thunderbird Medical Center.

Outside of work, Vanessa can be found outdoors running, exploring or enjoying a beautiful sunset. She loves to laugh and bring others laughter. She is an avid reader and connoisseur of music and art. She is a proud mother of a young son who remains her heart's delight. She looks forward to all the adventures they will share in the years to come.
